Published as required by law to inform the community

This information is printed and distributed annually to all parents of the Coulee-Hartline school district to inform them of their rights and responsibilities. Complete policies and procedures are available in the district office.

NOTIFICATION OF RIGHTS UNDER FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA) FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the students’ education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s educational records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the Coulee-Hartline school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s

education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

The District will forward school records, without parent consent, to schools in another district to which a student transfers. This is to facilitate the prompt placement of the student in the new school. The district will also forward, without consent, transcripts, or other information requested by high school students, to colleges and other educational institutions to which the students are applying.

Not all confidential records are maintained by the district indefinitely. If a parent/guardian, or student 18 years of age or older, wishes to obtain a copy of the student’s confidential file, a written request must be made to the principal.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DE 20202-4605

occupational therapy, Title I/LAP and Special Educational academic programs, and preschool classes to special needs children 3 years and older.

Developmental screening and/or comprehensive assessments for children who are suspected of having a disability, which could adversely affect their educational development, are available at no cost to you for a free and appropriate public education. These services are available for persons between the ages of birth through 21 years of age with suspected disabilities including highly mobile children with disabilities (such as migrant and homeless children). Children suspected of having a disability and in need of special education even though they are advancing from grade to grade, who are residing within the boundaries of the Local Education Authority (LEA) and not currently receiving special education services, are identified, located, and evaluated.

If you would like to make an appointment for a free, developmental screening and/or comprehensive assessment for your child, please call: 632-5231

TITLE I: Title I funds have been used by the Coulee-Hartline school district to provide qualified students a remedial reading and math program. Students receive additional assistance from paraprofessionals in the classroom as well as from community volunteers.

LEARNING ASSISTANCE PROGRAM (LAP): The LAP grant has been used to provide one-to-one and small group help to children that need additional assistance.

HIGHLY CAPABLE PROGRAM:

In order to develop the abilities of each Highly Capable Program student, the district will offer a highly capable program which provides kindergarten through twelfth grade students selected for the program access to basic education program that accelerates learning and enhances instruction. The framework for such programs will encompass, but not be limited to, the following objectives:

- A. Expansion of academic attainments and intellectual skills;
- B. Stimulation of intellectual curiosity, independence and responsibility;
- C. Development of a positive attitude toward self and others; and
- D. Development of originality and creativity.

The nomination, screening process, assessments, selection, programs, appeal process, and exiting process can all be found in board procedures 2190P available on the CH District information webpage or in paper form from the school offices.

Each spring the district will send out notices that new nominations will be accepted from Parents, community members, staff, and students for placement in the next school year.

HOME BASED INSTRUCTION: A parent who intends to cause his/her child or children to receive home-based instruction in lieu of attendance or enrollment in a public school, approved private school or an extension program of an approved school, must file an annual declaration of intent. Forms are available in the district office.

McKENNEY-VENTO AND CHILD FIND: As required by Federal law (McKinney-Vento), the Coulee-Hartline school district ensures that homeless children and youth are provided equal access to the same free, appropriate public education, including preschool education, as provided to other children and youths.

The McKinney-Vento Act is a federal law that makes sure children and youth who do not have permanent housing can go to school and preschool. It gives children and youth rights to enroll in school, stay in school, get transportation to school, and gives these same children access to school lunch programs. If you become aware of students who may qualify for services under the McKinney-Vento Act, or are in need of services for students in your family, please contact the principal of your school with this information or the Local Homeless Liason – Kelley Boyd or the State homeless contact: Melinda Dyer at 360-725-6050

ChildFind is the process of identifying all persons from birth to age 21 who may be educationally handicapped. In the early years it is especially important to identify those children who may require special attention in some area. Identifying a concern early can lessen the effects of the problem for the child in later years. The Coulee-Hartline school district is responsible for evaluating and identifying children who may require special education services, and for providing those services to district children age 3 and older. If you feel that you have a student who may require special attention in some area please contact the Coulee-Hartline School District.

SPECIAL EDUCATION: Any application and any required policies, procedures, evaluations, plans, and reports will be made readily available to parents and other members of the general public through the district special education and superintendent office: 632-5231

MEDICATION AT SCHOOL: State law requires that orders from a licensed health care provider for medication and/or treatments and a nursing care plan be in place before a student with a life-threatening health condition attends school (RCW 28.A.210). A health condition is considered life-threatening if that condition will put the student in danger of death during the school day if a medication or treatment order is not in place.

POLICY AND PROCEDURE 3416 allows school personnel to administer oral medication during school hours only under limited conditions which include a written request by a parent/guardian and a physician or dentist.

Under normal circumstances prescribed and over-the-counter medication should be dispensed before and/or after school hours under supervision of the parent or guardian. If a student must receive prescribed or over-the-counter oral or topical medication, eye drops, ear drops or nasal spray (“medications”) from an authorized staff member, the parent must submit a written authorization accompanied by a written request from a licensed health professional prescribing within the scope of his or her prescriptive authority. If the medication will be administered for more than fifteen consecutive days, the health professional must also provide written, current and unexpired instructions for the administration of the medication.

Nonprescription medications must be sent to school in the original container. Prescription medications must be in a container appropriately labeled by a physician, dentist, or pharmacist. All medications must be accompanied by the Medication Request Form, which may be obtained from school office personnel. If a student needs to carry and self administer their own medication, the school office manager or school nurse must be contacted for more information about appropriate and necessary procedures.

POLICY AND PROCEDURE 3413 require that all students submit records of immunity to specified childhood diseases in order to register for school. Parents/guardians may claim a medical, philosophical, or personal exemption from any or all immunizations for their children. Please contact the school office with questions about immunization requirements.

PEST CONTROL POLICY (POLICY 6895 AND PROCEDURE 6895): The Coulee-Hartline School District has policy #6895 and procedure #6895P (see below) in place outlining Pesticide Notification, Posting and Record Keeping. The District strives to manage pests by the most economical and beneficial means, and with the least possible hazard to people, property, and the environment. The district may apply pesticides in the following areas; playfield, classroom, food service areas and buses, during the course of the year. The District will post notices, in the form of signs, in the school office, on bulletin boards and perimeter fences 48 hours prior to application. Full and detailed pesticide policies, methods and notice information will be provided upon request.

DANGEROUS WEAPONS POLICY (POLICY 4210): It is a violation of state law for any person to carry a firearm or dangerous weapon on school premises, school-provided transportation or areas of other facilities being used exclusively for school activities.

The following persons may carry firearms into school buildings, as necessary, although students engaged in these activities are restricted to the possession of rifles on school premises:

- A. Persons engaged in military, law enforcement, or school district security activities;
 - B. Persons involved in a school authorized convention, showing, demonstration, lecture or firearm safety course;
 - C. Persons competing in school authorized firearm or air gun competitions; and
 - D. Any federal, state or local law enforcement officer.
- The following persons over eighteen years of age and not enrolled as students may have firearms in their possession on school property outside of school buildings:

- A. Persons with concealed weapons permits issued pursuant to RCW 9.41.070 who are picking up or dropping off students; and
- B. Persons conducting legitimate business at the school and in lawful possession of a firearm or dangerous weapon if the weapon is secured within an attended vehicle, is unloaded and secured in a vehicle, or is concealed from view in a locked, unattended vehicle.

School officials shall notify the student’s parents or guardians and the appropriate law enforcement agency of known or suspected violations of this policy. Students who violate this policy shall be subject to discipline, including a one-year expulsion for a violation involving a firearm. However, the superintendent may modify the one-year expulsion on a case-by-case basis.

Appendices

DRUG AND ALCOHOL FREE SCHOOL AND WORKPLACE (POLICIES 3242 / 5201,): Possession, use of, or impairment by alcoholic beverages, illegal drugs, controlled substances or nonprescription drugs while on school premises or at school sponsored events is not allowed. Students can be suspended and/or expelled. Employees will be subject to discipline action and possible discharge.

USE OF TOBACCO ON SCHOOL PROPERTY (POLICY 4215): Any use of tobacco products by staff, students, visitors, and community members shall be prohibited on school district property. Possession or distribution of tobacco products by minors is prohibited. This shall include all district buildings, grounds and district-owned vehicles.

HARASSMENT, INTIMIDATION, BULLYING (Policy 3207)

The District is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and patrons free from harassment, intimidation or bullying. "Harassment, intimidation or bullying" means any intentional written message or image – including those that are electronically transmitted- verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability, or other distinguishing characteristics, when an act:

- Physically harms a student or damages the student's property;
- Has the effect of substantially interfering with a student's education;
- Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment;
- Has the effect of substantially disrupting the orderly operation of the school.

Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment.

Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and shall be implemented in conjunction with comprehensive training of staff and volunteers.

The district will provide students with strategies aimed at preventing harassment, intimidation and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement and other community agencies.

Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the perpetrator, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals. Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying.

It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Please direct all informal or formal complaints to the compliance officer: James Evans – Superintendent

Asbestos: In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHEARA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-

Appendices containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard.

The law further requires an asbestos management plan to be in place by July 1989. Coulee-Hartline School District developed a plan, as required. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

It is the intention of Coulee-Hartline School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure student and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school district administrative office or administrative office of the school during regular business hours. Don Hall is our designed asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 632-5231.

INTERNET USE PROCEDURES

Almira/Coulee-Hartline Cooperative

Network Acceptable Use Procedures

Purpose

The purpose of the ACH Network Acceptable Use Procedures is to provide the procedures, rules, guidelines, and the code of conduct for use of technology and the information network in the Almira/Coulee-Hartline Cooperative.

K-20 Network Acceptable Use Guidelines

These procedures are written to support the Electronic Resources Policy of the board of directors and to promote positive and effective digital citizenship among students and staff. Digital citizenship represents more than technology literacy. Successful, technologically-fluent digital citizens live safely and civilly in an increasingly digital world. They recognize that information posted on the Internet is public and permanent and can have a long-term impact on an individual's life and career. Expectations for student and staff behavior online are no different from face-to-face interactions.

The Almira/Coulee-Hartline Cooperative Network provides resources for teaching and learning, communication services, and business data services by maintaining access to local, regional, national, and international sources of information. The ACH Network information resources will be used by members of the school community with respect for the public trust through which they have been provided and in accordance with policy and regulations established by the school district. These procedures do not attempt to articulate all required or proscribed behavior by its users. Successful operation of the network requires that all users conduct themselves in a responsible, decent, ethical, and polite manner while using the network. The user is ultimately responsible for his/her actions in accessing network services.

Use of Personal Electronic Devices

In accordance with all district policies and procedures, students and staff may use personal electronic devices (e.g. laptops, mobile devices and e-readers) to further the educational and research mission of the district. School staff will retain the final authority in deciding when and how students may use personal electronic devices on school grounds and during the school day.

Network

The district network includes wired and wireless devices and peripheral equipment, files and storage, e-mail and Internet content (blogs, websites, collaboration software, social networking sites, wikis, etc.). The district reserves the right to prioritize the use of, and access to, the network.

All use of the network must support education and research and be consistent with the mission of the district. Access to the networks and to the information technology environment within the ACH Network is a privilege and must be treated as such by all users of the network and its associated systems.

Acceptable network use by district students and staff include:

- A. Creation of files, digital projects, videos, web pages and podcasts using network resources in support of education and research;
- B. Participation in blogs, wikis, bulletin boards, social networking sites and groups and the creation of content for podcasts, e-mail and webpages that support education and research;
- C. With parental permission, the online publication of original educational material, curriculum related materials and student work. Sources outside the classroom or school must be cited appropriately;
- D. Staff use of the network for incidental personal use in accordance with all district policies and procedures; or
- E. Connection of personal electronic devices (wired or wireless) including portable devices with network capabilities to the district network after checking with the district technology director to confirm that the device is equipped with up-to-date virus software, compatible network card and is configured properly. Connection of any personal electronic device is subject to all procedures in this document.

Unacceptable Use

The Almira and Coulee-Hartline School Districts have the right to take disciplinary actions, remove computer and networking privileges, and/or take legal action, for any activity characterized as unethical and unacceptable. Unacceptable network use by district students and staff includes but is not limited to:

- A. Personal gain, commercial solicitation and compensation of any kind;

- B. Actions that result in liability or cost incurred by the district;
- C. Downloading, installing and use of games, audio files, video files, games or other applications (including shareware or freeware) without permission or approval from the Technology Director.

- E. Hacking, cracking, vandalizing, the introduction of viruses, worms, Trojan horses, time bombs and changes to hardware, software and monitoring tools;
- F. Unauthorized access to other district computers, networks and information systems;
- G. Cyberbullying, hate mail, defamation, harassment of any kind, discriminatory jokes and remarks;
- H. Information posted, sent or stored online that could endanger others (e.g., bomb construction, drug manufacturing); I. Accessing, uploading, downloading, storage and distribution of obscene, pornographic or sexually explicit material; or J. Attaching unauthorized devices to the district network. Any such device will be confiscated and additional disciplinary action may be taken.

The district will not be responsible for any damages suffered by any user, including but not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions caused by his/her own negligence or any other errors or omissions. The district will not be responsible for unauthorized financial obligations resulting from the use of, or access to, the district's computer network or the Internet.

District Rights & Responsibilities

The Almira and Coulee-Hartline School Districts reserve the right to:

- A. Monitor all activity on the ACH Network.
- B. Make determinations on whether specific uses of the network are consistent with this Acceptable Use Policy.
- C. Log network use and monitor storage disk space utilization by users.
- D. Deem what is appropriate use.
- E. Remove a user's access to the network at any time it is determined that the user is engaged in unauthorized activity or violating this Acceptable Use Policy.
- F. Cooperate fully with any outside investigation concerning or relating to any inappropriate ACH Network activity.

The district will:

- A. Take prudent steps to develop, implement, and maintain security procedures to insure the integrity of individual and district files. However, information on any computer system cannot be guaranteed to be inaccessible by other users.
- B. Attempt to provide error-free and dependable access to technology resources associated with the ACH Network. However, the districts cannot be held liable for any information that may be lost, damaged, or unavailable due to technical or other difficulties.
- C. Not deny or remove a user's right to use the ACH Network resources without just cause.

Internet Safety

Personal Information and Inappropriate Content:

- A. Students and staff should not reveal personal information, including a home address and phone number on web sites, blogs, podcasts, videos, social networking sites, wikis, e-mail or as content on any other electronic medium;
- B. Students and staff should not reveal personal information about another individual on any electronic medium without first obtaining permission;
- C. No student pictures or names can be published on any public class, school or district website unless the appropriate permission has been obtained according to district policy; and
- D. If students encounter dangerous or inappropriate information or messages, they should notify the appropriate school authority.

Filtering and Monitoring

Filtering software is used to block or filter access to visual depictions that are obscene and all child pornography in accordance with the Children's Internet Protection Act (CIPA). Other objectionable material could be filtered. The determination of what constitutes "other objectionable" material is a local decision.

- A. Filtering software is not 100 percent effective. While filters make it more difficult for objectionable material to be received or accessed, filters are not a solution in themselves. Every user must take responsibility for his/her use of the network and Internet and avoid objectionable sites;

- B. Any attempts to defeat or bypass the district's Internet filter or conceal Internet activity are prohibited (e.g., proxies, https, special ports, modifications to district browser settings and any other techniques designed to evade filtering or enable the publication of inappropriate content);
- C. E-mail inconsistent with the educational and research mission of the district will be considered SPAM and blocked from entering district e-mail boxes;
- D. The district will provide appropriate adult supervision of Internet use. The first line of defense in controlling access by minors to inappropriate material on the Internet is deliberate and consistent monitoring of student access to district devices;
- E. Staff members who supervise students, control electronic equipment or have occasion to observe student use of said equipment online, must make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district; and
- F. Staff must make a reasonable effort to become familiar with the Internet and to monitor, instruct and assist effectively.

Internet Safety Instruction

All students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response.

Copyright

Downloading, copying, duplicating and distributing software, music, sound files, movies, images or other copyrighted materials without the specific written permission of the copyright owner is generally prohibited. However, the duplication and distribution of materials for educational purposes is permitted when such duplication and distribution falls within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.

Ownership of Work

All work completed by employees as part of their employment will be considered property of the district. The District will own any and all rights to such work including any and all derivative works, unless there is a written agreement to the contrary.

All work completed by students as part of the regular instructional program is owned by the student as soon as it is created, unless such work is created while the student is acting as an employee of the school system or unless such work has been paid for under a written agreement with the school system. If under an agreement with the district, the work will be considered the property of the District. Staff members must obtain a student's permission prior to distributing his/her work to parties outside the school.

Network Security and Privacy

Network Security

Passwords are the first level of security for a user account. System logins and accounts are to be used only by the authorized owner of the account for authorized district purposes. Students and staff are responsible for all activity on their account and must not share their account password.

The following procedures are designed to safeguard network user accounts:

- A. Change passwords according to district policy;

- A. The network;
- B. User files and disk space utilization;
- C. User applications and bandwidth utilization;
- D. User document files, folders and electronic communications;
- E. E-mail;
- F. Internet access; and
- G. Any and all information transmitted or received in connection with network and e-mail use.

No student or staff user should have any expectation of privacy when using the district's network. The district reserves the right to disclose any electronic messages to law enforcement officials or third parties as appropriate. All documents are subject to the public records disclosure laws of the State of Washington.

Archive and Backup

Backup is made of all district e-mail correspondence for purposes of public disclosure and disaster recovery. Barring power outage or intermittent technical issues, staff and student files are backed up on district servers regularly. Refer to the district retention policy for specific records retention requirements.

Disciplinary Action

All users of the district's electronic resources are required to comply with the district's policy and procedures and agree to abide by the provisions set forth in the district's user agreement. Violation of any of the conditions of use explained in the Internet Use Procedures is subject to disciplinary action, including suspension or expulsion from school and suspension or revocation of network and computer access privileges.

INTERNET ACCESS FOR STUDENTS

The rich sources of information available on the Internet hold the promise of greatly enhancing the quality of education available to all students. Therefore, Internet access will be made available to students in the Almira and Coulee-Hartline School Districts for the purposes of communication, research, and education. It is our intention to provide an Internet environment that is safe and appropriate for the maturity level and need of student users. Internet access by students will be monitored by district personnel and the degree of access to the Internet will be dependent upon the age of the students.

Grades K-1

Limited use for specific projects by teacher request. Web sites will be filtered.

Grades 2-5

Use will be project-focused, adult-directed and supervised. Web sites will be filtered.

Grades 6-8

Use will be adult-directed and monitored. Web sites will be filtered, and student use will be monitored.

Grades 9-12

Students will have independent use, but on-line computers will be monitored. Web sites will be filtered.

In addition to limiting Internet access, the following steps have been taken to provide a wholesome Internet environment for all users.

1. A district Internet ACH Network Acceptable Use Procedures document and an Internet Code of Conduct have been written. These will be part of each building's student handbook and will be available on the district web site.
2. Compliance with the district ACH Network Acceptable Use Procedures is a condition for use of the district network.
3. Internet training will be provided. Training will include personal responsibility, ethical and courteous behavior, the ACH Network Acceptable Use Procedures, and the Code of Conduct. Training will also be given on cyber-bullying.
4. Parents or guardians are being asked to review the Code of Conduct and ACH Network Acceptable Use Procedures with their children. Parents or guardian permissions will be required for students younger than 18 years. All students and staff must have signed district authorization for Internet use.

The district will endeavor to provide a safe and wholesome Internet environment. However, a skilled network user may be able to find ways to circumvent Internet access limits and controls. For that reason, parents will be warned of the potential availability of offensive material on the Internet, and students and parents both will be advised that **the student is ultimately responsible for his/her own conduct on the Internet**

Almira and Coulee-Hartline School Districts Internet Code of Conduct

Use of the Internet by students and staff of Almira and Coulee-Hartline School Districts shall be in support of education and research. Use will be in accordance with the district's Acceptable Use Procedures and this Code of Conduct.

ACH 1:1 CHROMEBOOK TECHNOLOGY RESPONSIBLE USE AND SAFETY AGREEMENT

PURPOSE: Coulee Hartline School District may provide and assign students a tablet/chrome book computer for use at school and home as a means to promote achievement and provide flexible learning opportunities. This agreement provides guidelines and information about expectations for students and families who are being issued these one-to-one (1:1) devices. In addition to this agreement, the use of district-provided technology also requires students to abide by the Coulee Hartline SD Technology Use Guidelines as stated in the Almira Coulee Hartline student handbook. Additional rules may be added as necessary and will become a part of this agreement. Our expectation is that students will responsibly use district technology and that they understand the appropriate and acceptable use of both the technology and district network resources. We also expect that students will make a good faith effort to keep their district-issued devices safe, secure and in good working order. This agreement includes the following specific responsibilities and restrictions.

RESPONSIBILITIES - The student will:

1. Ensure his/her device is put away and plugged in to charge at the end of each day.
2. Communicate Responsibly! Electronic communication should be conducted in a polite manner, using appropriate language and avoiding profanity and offensive or inflammatory speech. Cyber bullying—including personal attacks or threats toward anyone made while using district owned or personally owned technology—should be reported to responsible school personnel.
3. Use technology for school-related purposes during the school day. Use for commercial or political purposes is prohibited.
4. Follow copyright laws and fair use guidelines and only download/save music, video or other content that are related to specific assignments. District technology is not provided to house personal music or video libraries.
5. Make the 1:1 device available for inspection by any administrator or teacher upon request. All electronic communication, activities and files accessed on district technology are not private and may be viewed, monitored or archived by the district at anytime.

RESTRICTIONS - The student will not:

1. Mark, deface, or place stickers on the tablet/chrome book or damage the tablet/chrome book in any way. Students will be responsible for the cost of the damaged tablet/chrome book as outlined in the tablet/chrome book repair fee agreement on the back of this agreement.
2. Reveal or post identifying personal information, files or communications to unknown persons through email or other means.
3. Attempt to override, bypass, or otherwise change the internet filtering software, device settings, or network configurations. All student 1:1 computing devices are configured so that Internet content is filtered in accordance with CIPA laws.
4. Attempt access to networks and other technologies beyond their authorized access. This includes attempts to use another person's account and/or password or access secured wireless networks.
5. Share passwords or attempt to discover passwords. Sharing a password is not permitted and could make you subject to disciplinary action and liable for the actions of others if problems arise with unauthorized use.
6. Download or install any unauthorized programs, files, or games from the Internet or other sources onto any district-owned technology. This includes the intentional introduction of computer viruses and other malicious software.
7. Download and/or install multimedia content (music, movies, etc.) that is not related to research or completion of assignments.
8. Use a district-created iTunes account to access apps or other content on personally owned devices.
9. Tamper with computer hardware or software, attempt unauthorized entry into computers, and/or vandalize or destroy the computer or computer files. Intentional or negligent damage to computers or software may result in criminal charges.
10. Attempt to locate, view, share, or store any materials that are unacceptable in a school setting. This includes but is not limited to pornographic, obscene, graphically violent, or vulgar images, sounds, music, language, video or other materials. The criteria for acceptability is demonstrated in the types of material made available to students by staff and the school media center.

In addition to the specific requirements and restrictions detailed above, it is expected that students will apply common sense to the care and maintenance of district-provided 1:1 technology. In order to keep devices secure and damage free, do not loan your 1:1 device to anyone else, leave it unattended in a non-secure location at any time, or eat/drink while using the 1:1 device.

Coulee Hartline SD is not responsible for any loss resulting from use of district-issued technology and makes no guarantees that the technology or the district network systems that support student use will be available at all times. By signing this agreement you agree to abide by the conditions listed above and assume responsibility for the care and proper use of Coulee Hartline SD district-issued technology. You understand that should you fail to honor all the terms of this agreement, access to 1:1 technology, the Internet, and other electronic media may be denied in the future. Furthermore, students may be subject to disciplinary action outlined in the Almira Coulee Hartline High School Student Code of Conduct.

Student User Internet Access Release Form

As a condition of my right to use the ACH Network including access of public networks such as the Internet, I understand and agree with the following:

1. To abide by the ACH Acceptable Use Procedures and Code of Conduct.
2. That network administrators have the right to review my material stored in ACH Network files and to edit or remove any material which they, at their sole discretion, believe may be unlawful, obscene, abusive, or otherwise objectionable, and I hereby waive any right of privacy which I may otherwise have to such material.
3. That the Almira and Coulee-Hartline School Districts will not be liable for any direct or indirect, incidental or consequential damages due to information gained and/or obtained via use of the ACH Network, including, without limitation, access to public networks.
4. That the Almira and Coulee-Hartline School District do not warrant that the functions of the ACH Network or any of the networks accessible through the ACH network will meet any specific requirements you may have, or that the ACH Network will be error-free or uninterrupted.
5. That the Almira and Coulee-Hartline Network shall not be liable for any direct or indirect, or consequential damages (including lost data or information) sustained or incurred in connection with the use, operation, or inability to use the ACH Network.
6. That the use of the ACH Network, including use to access public networks, is a privilege which may be revoked by network administrators at any time for violation of the ACH Acceptable Use Procedures and Code of Conduct.
6. In consideration for the privilege of using the ACH Network and in consideration for having access to public networks, I hereby release Almira and Coulee-Hartline School Districts, its operations, and any institutions with which they are affiliated from any and all claims and damages of any nature arising from my use, or inability to use, the ACH Network.

ACH HS Chromebook Repair Fee Agreement

With recognition of the advantages that come from being issued a tablet/chrome book and the considerable expense to the Coulee Hartline District in funding the tablet/chrome book program, the student and student's parent/guardian acknowledge that they must bear some risk for the possibility that the tablet/chrome book may be damaged, lost, or stolen.

Damage to a tablet/chrome book may be intentional/deliberate or unintentional/accident damage. When a tablet/chrome book is damaged, fees associated to repair the damage will be based on how the damage occurred; deliberate or accidental.

Fees:

Unintentional/Accidental Damage:

When a device is damaged as a result of unintentional or accidental circumstances, the student and student's parent/guardian will be assessed the following fees:

- For the first occasion, the actual cost of repair or \$100, whichever is less.
- For the second occasion, the actual cost of repair or \$200, whichever is less.
- For the third and any subsequent occasions, the actual cost of repair or the actual replacement cost, whichever is less.
- If the student loses the device or charging unit, the student or parent guardian is responsible for the replacement cost.

Intentional/Deliberate Damage:

The student and the student's parents/guardians are responsible for the actual cost of repair or replacement, whichever is less. When a device is damaged or destroyed because the student committed or intentionally facilitated a deliberate act of damage or vandalism, this matter will be reported to the Principal/Superintendent.

If for some reason your student's tablet/chrome book becomes damaged and a fee is necessary, the school will notify the parent/guardian. If at that time the repair fee will be an economic hardship for your family, please contact the school directly about establishing a payment plan or to request potential waiver.

CLASSROOM MANAGEMENT, DISCIPLINE and CORRECTIVE ACTION (SCHOOL BOARD POLICY 3241)

Rules of student conduct are essential to maintain a school environment conducive to learning. A student's refusal to comply with written rules and regulations established for the governing of the school will constitute sufficient cause for discipline or corrective action.

Staff are responsible for supervising student behavior, employing effective classroom management methods and enforcing the rules of student conduct in a fair, consistent and non-discriminatory manner. Corrective action must be reasonable and necessary under the circumstances and reflect the district's priority to maintain a safe and positive learning environment for all students and staff.

The district will distribute its discipline policy and procedure to students, their parents/guardians, and the community on an annual basis. Students and/or their parents/guardians will be provided all required substantive and procedural due process in regard to grievances, hearings and/or appeals of corrective action. The district will also strive to provide trainings regarding policies and procedures related to student discipline for appropriate school and district staff whose duties require them to interact with students and enforce or implement components of student discipline.

The district will assist long-term suspended and expelled students in returning to school as soon as possible by providing them with a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion.

The district will annually collect and review data on disciplinary actions taken against students within each school. The data will be disaggregated into subgroups as required by RCW 28A.300.042 and will include students protected by the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973. The review must include short-term suspensions, long-term suspensions and expulsions. In reviewing the data, the district will determine whether it has disciplined a substantially disproportionate number of students within any of the disaggregated categories. If disproportionality is found, the district will take action to ensure that it is not the result of discrimination.

In consultation with school district staff, students, families and the community, the district will periodically review and update this policy and its accompanying procedure.

Procedures:

Definitions

- **Discipline** means all forms of corrective action other than emergency removal, suspension or expulsion. Discipline includes the exclusion of a student from any type of activity conducted by or on behalf of the school district and exclusion of a student from a class by a teacher or administrator for a period of time that does not exceed the balance of the immediate class period, provided the student is in the custody of a school district employee for the balance of such period.
- **Discretionary discipline**, under RCW 28A.600.015 refers to any form of corrective action taken in response to student misconduct that violates the rules, policies, or procedures adopted by the board of directors, other than the misconduct listed in one or more of the categories in this procedure set forth below in the section entitled "Suspension, Expulsions, and Discretionary Discipline." Discretionary discipline cannot include long-term suspension or expulsion.
- **Emergency removal** means a student's immediate removal from a class, subject or activity by a certificated teacher or an administrator or a school bus driver and sending of that student to the building principal or designee, when the teacher or administrator has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to the student, other students or school staff or an immediate and continuing threat of substantial disruption of the class, subject, activity, or educational process.
- **Suspension** means the denial of attendance for any single subject or class or for any full schedule of subjects or classes for a stated period of time. Suspension may also include denial of admission to, or entry upon, real and personal property that is owned, leased, rented or controlled by the district.
 - **Short-term suspension** means suspension for any portion of a calendar day up to and not exceeding ten (10) consecutive school days.

Appendices

- **Long-term suspension** means a suspension that exceeds ten (10) consecutive school days. A long-term suspension may not exceed the length of an academic term as defined by the school board and may not be imposed as a form of discretionary discipline except for the offenses listed below in the section entitled "Suspension, Expulsions, and Discretionary Discipline."
- **Emergency expulsion** means an emergency removal from school for up to, but not exceeding, ten (10) consecutive school days from the student's current school placement by the superintendent or designee. An emergency expulsion requires the superintendent or designee to have good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to other students or school staff or an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be converted to another form of corrective action within ten (10) school days from the date of the emergency removal from school. If the district converts the emergency expulsion to another form of corrective action, it must provide notice and an explanation of due process rights to the student and parent/guardian.
- **Expulsion** means a denial of attendance for a period of time up to but no longer than length of an academic term (as defined by the board of directors) from the time the student is removed from his/her current school placement by a school district superintendent or designee. An expulsion may not be for an indefinite period of time and may not be imposed as a form of discretionary discipline except for the offenses listed below in the section entitled "Suspension, Expulsions, and Discretionary Discipline." An expulsion may be extended beyond the length of an academic term if: 1) the school petitions the superintendent for an extension; and 2) the superintendent authorizes the extension pursuant to the superintendent of public instruction's rules adopted for this purpose (see Petition for Extension of Length of Expulsion below). An expulsion may also include a denial of admission to, or entry upon, real or personal property that is owned, leased, rented or controlled by the district.
- **School business day** means any calendar day except Saturdays, Sundays and any federal and school holidays upon which the office of the superintendent is open to the public for business. A school business day concludes upon the closure of the superintendent's office for the calendar day.
- **School day** means a calendar day except school holidays on which enrolled students are engaged in educational activity which is planned, supervised and conducted by or under the supervision of certificated staff and on which day all or any portion of enrolled students participate in such educational activity.
- **Reengagement meeting** means a meeting held between the district and the student and parent/guardian to discuss how to return a long-term suspended or expelled student to an educational setting as soon as possible.
- **Reengagement plan** means a culturally sensitive and culturally responsive written plan developed between the district and a student and his/her parent or guardian designed to aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion and to return the student to the educational setting as soon as possible. Parents or guardians of students must have access to, provide meaningful input on, and have the opportunity to participate in the student's reengagement plan.

Superintendent authority

The superintendent will have the authority to discipline, suspend or expel students. The superintendent will:

- Identify the conditions under which a teacher may exclude a student from his or her class; and
- Designate which staff members have the authority to initiate or to impose discipline, suspensions or expulsions.

No student will be expelled, suspended, or disciplined in any manner for the performance of or failure to perform any act not related to the orderly operation of the school or school-sponsored activities or any other aspect of the educational process.

No form of discipline will be enforced in such a manner as to prevent a student from accomplishing a specific academic grade, subject or graduation requirements.

Notification of suspensions of students eligible for special education services

The principal will notify special education staff of any suspensions to be imposed on a student who is currently eligible for special education services or any student who might be deemed eligible for special education. To the extent that suspensions may cumulatively or consecutively exceed ten (10) days, the principal will notify relevant special education staff so that the District can ensure compliance with special education discipline procedures.

Notification of procedures relating to student behavior

Principals in each school will annually publish and make available to students, parents or guardians, staff, and the community the rules, policies, and procedures of the District that establish misconduct and the written procedures for administering corrective action. The publication will also define student rights and responsibilities relating to student behavior.

Pursuant to the Drug-Free Schools and Communities Act (Amendments of 1989), students and parents will be given annual notice of the standard of conduct the district requires regarding controlled substance and alcohol use, and a statement of the disciplinary sanctions for violations of that standard.

The District will also, in consultation with staff, students, student's families, and the community, periodically review and update the District's rules, policies, and procedures related to student discipline.

Appendices

Rights and responsibilities of certificated staff

Certificated staff will have the right to:

- Expect students to comply with school rules;
- Develop and/or review building rules relating to student conduct and control at least once each year. Building rules will be consistent with district rules relating to student conduct;
- Receive any complaint or grievance regarding corrective action of students. Certificated staff will be given the opportunity to present their version of the incident and to meet with the complaining party in the event that a conference is arranged;
- Use such reasonable action as is necessary to protect himself/ herself, a student, or others from physical abuse or injury;
- Detain a student after school for up to 60 minutes with due consideration for bus transportation.

Teachers have the right to exclude any student who creates a disruption of the educational process in violation of building disciplinary standards, while under the teacher's supervision, from his/her individual classroom or instructional or activity area for all or any portion of the balance of the school day or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances as provided for in WAC 392-400-290 (see **Emergency Removal** below), the teacher will attempt one or more forms of corrective action prior to excluding the student. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal and the teacher have conferred.

Certificated staff will have the responsibility to:

- Observe the rights of students;
- Supervise student behavior and enforce the rules of student conduct fairly, consistently, and without discrimination. Any infractions will be reported orally and in writing to the principal as soon as possible regardless of any corrective actions taken by the teacher;
- Maintain good order in the classroom, in the hallways, on the playgrounds or other common areas of the school, and on school buses (i.e., during field trips);
- Maintain accurate attendance records and report all cases of truancy;
- Set an appropriate example of personal conduct and avoid statements which may be demeaning or personally offensive to any student or group of students; and
- Meet with a parent(s) within five (5) school days upon request to hear a complaint regarding the use of classroom materials and/or teaching strategies that are being employed in the classroom.

Principals will have the responsibility to:

- Impose suspension or expulsion when appropriate;
- Notify parents when students are suspended or expelled; and
- Confer with certificated staff at least once per year to develop and/or review rules of conduct to be employed in the school and corrective actions that may be employed in the event of rule infractions.

Unexcused absences and tardiness

Students with one or more unexcused absences and/or tardiness and subject to compulsory attendance pursuant to Chapter 28A.225 RCW may be subject to corrective action that is reasonably calculated to modify the student's conduct. However, if a district imposes corrective action on a student for one or more unexcused absences, it must:

- Provide notice to the student's parent/guardian in writing in English or the primary language of the parent/guardian, that the student has failed to attend school without valid justification, and by any other means necessary to provide notice of these facts;
- Schedule a conference or conferences with the parents/guardians and the student to analyze the causes of the student's absences and determine whether the student would be appropriately placed in a special program designed for his/her educational success; and
- Take steps to reduce the student's absences, which include, where appropriate in the judgment of district staff, adjustments to the student's school program or school or courses or assisting the parent/guardian in obtaining supplementary services.

Additionally, a student's academic grade or credit may only be adversely affected by reason of tardiness or absences if:

- The student's attendance or participation is related to the instructional objectives or goals of the particular subject or course;
- The student's attendance or participation has been identified by the teacher pursuant to district policy as a basis for grading the subject or course; and

Appendices

- The circumstances pertaining to the student's inability to attend school have been taken into consideration, including whether the absences are directly related to the student's disability under Section 504 of the Rehabilitation Act of 1964, Title II of the Americans with Disabilities Act (ADA) or the Individuals with Disabilities Education Act (IDEA).

Alternative forms of corrective action

The board encourages the use of alternative forms of correction action when possible and practicable in light of the duty to maintain safe and orderly school environments conducive to student learning. District administrators may consider alternative forms of corrective action—including programs intended to lessen the time of exclusion from class attendance—which have been approved by the board and/or superintendent.

Except in cases involving exceptional misconduct, district administrators must impose alternative forms of corrective action for incidents of misbehavior prior to imposing a suspension or expulsion for the same type of misbehavior.

Student disciplinary boards

The board recognizes that a student's behavior may be positively influenced when an incident giving rise to corrective action is reviewed by a panel of the student's peers. The board may, in its discretion, authorize the establishment of one or more student disciplinary boards composed of students, which may also include teachers, administrators, parents or any combination thereof pursuant to WAC 392-400-220. The student disciplinary board may be authorized to prescribe reasonable discipline and may recommend suspension or expulsion to the appropriate school authority. The school authority will be authorized to set aside or modify the student disciplinary board's recommendation.

Student discipline

Student discipline will be enforced in order to maintain a safe and orderly school environment that is conducive to student learning.

The methods employed in enforcing the rules of student conduct involve professional judgment. Such judgment should be:

- Consistent from day to day and student to student;
- Guided by appropriate classroom management strategies;
- Balanced against the severity of the misconduct;
- Appropriate to the student's circumstances and prior behavior;
- Fair to the student, parent/guardian, and others; and
- Effective.

Since these criteria may conflict, established procedures must be followed in correcting misbehavior. No form of discipline will be enforced in such a manner as to prevent a student from accomplishing specific academic grade, subject or graduation requirements. Appeal procedures have been established in order to provide for an opportunity for every corrective action to be reviewed by someone in authority and to instill confidence among students and parents as to the essential fairness of staff.

Detention

For minor infractions of school rules or regulations, or for minor misconduct, staff may detain students after school hours for not more than 60 minutes on any given day.

Preceding the assignment of detention, the staff member will inform the student of the nature of the offense charged and of the specific conduct which allegedly constitutes the violation. The student will be afforded an opportunity to explain or justify his/her actions to the staff member.

Detention will not begin until the parent/guardian has been notified (except in the case of an adult student) for the purpose of informing him/her of the basis and reason for the detention and to permit him/her to make arrangements for the necessary transportation of the student when he/she has been detained after school hours for corrective action.

Students detained for corrective action will be under the direct supervision of the staff member or another member of the professional staff.

Grievance and appeal process for student discipline

Any parent/guardian or student who is aggrieved by the imposition of discipline will have the right to an informal conference with the principal for the purpose of resolving the grievance. The employee whose action is being grieved will be notified of the grievance as soon as reasonably possible.

At such conference the student and parent/guardian will be subject to questioning by the principal and will be entitled to question staff involved in the matter being grieved.

After exhausting this remedy, the parent/guardian and student will have the right, upon two (2) school business days' prior notice, to present a written and/or oral grievance to the superintendent or designee.

If the grievance is not resolved, the parent/guardian and student, upon two (2) school business days' prior notice, have the right to present a written or oral grievance to an assigned hearing officer chosen by the ESD 171 or Coulee Hartline

Appendices

School Board within a reasonable time table which accommodates conflicts with the participating individuals. A closed meeting may be held for the purpose of considering the grievance. The hearing officer will notify the parent and student of its response to the grievance within ten (10) school business days after the date when the grievance was presented. The disciplinary action will continue notwithstanding implementation of the grievance procedure unless the principal, superintendent or board elects to postpone such action.

Alternatively, the board may delegate its authority to hear and decide discipline and short-term suspension grievance appeals to a school district disciplinary appeal council established pursuant to WAC 392-400-310(1).

Emergency removal from class or subject

A student may be removed immediately from a class or subject by a teacher or administrator without other forms of corrective action and sent to the principal or a designated school official, without first attempting corrective action, provided that the teacher or administrator has good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to the student, other students or staff or an immediate and continuing threat of substantial disruption of the class, subject, or educational process of the student's school. The removal will continue only until:

- The danger or threat ceases; OR
- The principal or designee acts to impose corrective action.

The principal or designee will meet with the student as soon as reasonably possible following the removal and take or initiate appropriate corrective action. The meeting will take place no later than the beginning of the school day following the student's emergency removal. The teacher or administrator who removed the student will be notified of the action taken or initiated.

Suspensions, Expulsions, and Discretionary Discipline

Suspensions (including long-term suspensions) and expulsions may be imposed for any of the following student behaviors:

- A. Having a firearm on school property or school transportation in violation of RCW 28A.600.420;
- B. Any of the following offenses listed in RCW 13.04.155, including:
 1. any violent offense as defined in RCW 9.94A.030, including
 - a. any felony that Washington law defines as a class A felony or an attempt, criminal conspiracy, or solicitation to commit a class A felony;
 - b. manslaughter;
 - c. indecent liberties committed by forcible compulsion;
 - d. kidnapping;
 - e. arson;
 - f. assault in the second degree;
 - g. assault of a child in the second degree;
 - h. robbery;
 - i. drive-by shooting; and
 - j. vehicular homicide or vehicular assault caused by driving a vehicle while under the influence of intoxicating liquor or any drug, or by operating a vehicle in a reckless manner;
 2. any sex offense as defined in RCW 9.94A.030, which includes any felony violation of chapter 9A.44 RCW (other than failure to registered as a sex offender in violation of 9A.44.132), including rape, rape of a child, child molestation, sexual misconduct with a minor, indecent liberties, voyeurism, and any felony conviction or adjudication with a sexual motivation finding;
 3. inhaling toxic fumes in violation of chapter 9.47A RCW;
 4. any controlled substance violation of chapter 69.50 RCW;

Appendices

5. any liquor violation of RCW 66.44.270;
 6. any weapons violation of chapter 9.41 RCW, including having a dangerous weapon at school in violation of RCW 9.41.280;
 7. any violation of chapter 9A.36 RCW, including assault, malicious harassment, drive-by shooting, reckless endangerment, promoting a suicide attempt, coercion, assault of a child, custodial assault, and failing to summon assistance for an injured victim of a crime in need of assistance;
 8. any violation of chapter 9A.40 RCW, including kidnapping, unlawful imprisonment, custodial interference, luring, and human trafficking;
 9. any violation of chapter 9A.46 RCW, including harassment, stalking, and criminal gang intimidation; and
 10. any violation of chapter 9A.48 RCW, including arson, reckless burning, malicious mischief, and criminal street gang tagging and graffiti;
- C. Two or more violations of the following within a three-year period
1. criminal gang intimidation in violation of RCW 9A.46.120;
 2. gang activity on school grounds in violation of RCW 28A.600.455;
 3. willfully disobeying school administrative personnel in violation of RCW 28A.635.020; and
 4. defacing or injuring school property in violation of RCW 28A.635.060; and
- D. Any student behavior that adversely affects the health or safety of other students or educational staff.

Unless otherwise required by law, school administrators are not required to impose a long-term suspension or expulsion for the misconduct listed above, and whenever reasonable school administrators should first consider alternative sanctions.

For student behaviors—including specific offenses contained in Policy 3240 and procedure 3240P—that do not fall within one or more of the categories listed above, schools may only impose discretionary discipline as defined in this procedure. Schools may not impose long-term suspension or expulsion as a form of discretionary discipline, but may impose other sanctions up to and including short-term suspension in a manner consistent with this procedure.

Short-term suspension

Conditions and limitations

The nature and circumstances of the student conduct violation must reasonably warrant a short-term suspension. As a general rule, no student will be suspended for a short term unless other forms of corrective action reasonably calculated to modify his/her conduct have previously been imposed upon the student as a consequence of misconduct of the same nature.

No student in grades kindergarten through fourth grade will be suspended for more than a total of ten (10) school days during any single semester or trimester and no loss of academic grades or credit will be imposed by reason of the suspension.

No student in fifth grade and above will be suspended for more than a total of fifteen (15) school days during any single semester or ten school days during any single trimester.

Continuation of educational services

The district will not suspend the provision of educational services during a period of short-term suspension and will provide the student the opportunity to receive such services. Educational services may be provided in an alternative setting, provided that such setting is comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of a short-term suspension. Examples of alternative setting may include, but not be limited to, alternative schools or classrooms, one-on-one tutoring when available, and online learning.

The principal will notify special education staff of any short-term suspensions to be imposed for a student who is currently eligible for special education services or those who might be deemed eligible for special education. To the extent that short-term suspensions may cumulatively or consecutively exceed ten school (10) days, (see Procedure 2161P, Special Education and Related Services for Eligible Students, Discipline section) the principal will notify relevant

Appendices

special education staff so that the district can ensure that special education discipline procedures are in place, in addition to general education discipline procedures.

In-school suspension

Students who are denied attendance at school are denied the opportunity to learn. The district has therefore created an in-school suspension program which temporarily removes the student from his/her regular learning environment but permits the student to maintain his/her educational progress. An in-school suspension is no different from any other suspension as defined by WAC 392-400-205, and therefore triggers the same substantive and procedural due process, including student and parent/guardian notification.

Students who are assigned to in-school suspension are granted this opportunity as a privilege and are expected to comply with the expectations of staff. The superintendent will establish guidelines for the operation of the in-school suspension program.

Suggested guidelines for in-school suspension are as follows:

- A student who is afforded the opportunity to be assigned to in-school suspension will agree to the conditions specified by the school principal. Unless the student is of majority age, the principal will obtain written authorization from the parent or guardian. The student's or parents' or guardians' authorization will include the number of days the student will be assigned to in-school suspension.
- In-school suspension is designed to encourage learning. Students will be expected to work on their classroom assignments at all times.
- A student in in-school suspension will attend a single subject or class or any full schedule of subjects or classes in a separate location on school property from their regular subject or class or schedule and/or classmates.
- The student will be denied the opportunity to participate in any school activities while in in-school suspension.
- While in-school suspended, the student and staff may develop a behavior contract that defines the future expected behavior of the student. The student and his/her parents/guardians and a staff member will sign the contract.
- Any act of inappropriate conduct may result in imposition of other corrective action.
- After a student is placed back into the regular classroom(s), the principal or designee or school counselor will monitor the student's progress on a daily basis. The student will be encouraged to maintain a relationship with the school counselor as a means of dealing with any problems that arise.
- Specific rules and building procedures will be developed by the building principal.

Exceptional misconduct

A student may be short-term suspended for exceptional misconduct, other than absenteeism, when such misconduct is of such frequent occurrence or is so serious in nature and/or is so serious in terms of disruption to the operation of the school that immediate suspension is warranted. In cases of exceptional misconduct, a short-term suspension may be imposed without first attempting alternative forms of corrective action. The superintendent, following consultation with a representative ad hoc citizens' committee, will recommend for board adoption, the nature and extent of the corrective actions which may be imposed as a consequence of exceptional misconduct. (See Procedure 3240P). An exception may be granted by an administrator when warranted by extenuating circumstances.

Prior notice and conference

- Prior to the short-term suspension of a student, the principal or designee will conduct a conference with the student and provide:
- An oral or written notice of the charges;
- An oral or written explanation of the evidence in support of the allegation(s); AND
- An oral or written explanation of the short-term suspension which may be imposed.

The student will be provided an opportunity to present his/her explanation of the allegation(s).

If the short-term suspension is to exceed one (1) calendar day, the principal or designee will notify the student's parent/guardian of the reason for the suspension and its duration either orally or by U.S. mail as soon as reasonably possible. The notice will also address the parent/guardian's right to an informal conference pursuant to WAC 392-400-255 and the fact that the suspension may be reduced as a result of such conference.

Grievance and appeal process for short-term suspension

Any parent/guardian or student who is aggrieved by the imposition of a short-term suspension will have the right to an informal conference with the principal or designee for the purpose of resolving the grievance. At such conference the student and parent will be subject to questioning by the principal and will be entitled to question staff involved in the matter being grieved.

The parent/guardian and student after exhausting this remedy will have the right, upon two (2) school business days' prior notice, to present a written and/or oral grievance to the superintendent or designee.

Appendices

If the grievance is not resolved, the parent/guardian and student, upon two (2) school business days' prior notice, will have the right to present a written or oral grievance to an assigned hearing officer chosen by the ESD 171 or Coulee Hartline School Board within a reasonable time table which accommodates conflicts with the participating individuals. A closed meeting may be held for the purpose of considering the grievance.

The hearing officer will notify the parent/guardian and student of its response to the grievance within ten (10) school business days after the date when the grievance was presented. The short-term suspension will continue notwithstanding implementation of the grievance procedure unless the principal, superintendent or board elects to postpone such action.

Readmission

Any student who has been short-term suspended will be allowed to make application for readmission at any time in accordance with district policy and procedure. (See also **Readmission Application Process**, below)

Reporting

Principals will report all short-term suspensions and the reasons therefor to the superintendent or designee within twenty-four (24) hours after the imposing the short-term suspension.

Emergency expulsion

Conditions and limitations

Schools may not impose an emergency expulsion for an immediate and continuing danger or threat of substantial disruption unless the student's misconduct falls within one or more of the categories listed in this procedure above ("Suspension, Expulsions, and Discretionary Discipline"). If the student's behavior falls within one or more of such categories, a student may be emergency expelled based on the conditions below. An emergency expulsion may not be imposed as a form of discretionary discipline, as defined in this procedure. In addition, an emergency expulsion may not be imposed solely for the purposes of investigating student conduct.

A student may be immediately removed from school prior to a hearing without other forms of corrective action if the superintendent or designee has good and sufficient reason to believe that the student poses:

- An immediate and continuing danger to other students or school staff; OR
- An immediate and continuing threat of substantial disruption of the educational process.

Such emergency expulsion must end or be converted to another form of corrective action within ten (10) school days of the date of the expulsion. If the emergency expulsion is converted to another form of corrective action, the district will provide the student and/or parents/guardians with notice and due process rights appropriate to the new corrective action.

Continuation of educational services

The district will not suspend the provision of educational services during a period of emergency expulsion and will provide the student the opportunity to receive such services. Educational services may be provided in an alternative setting, provided that such setting is comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of an emergency expulsion. Examples of alternative setting may include, but not be limited to, alternative schools or classrooms, one-on-one tutoring when available, and online learning.

Notice of hearing

The district will notify the student and his/her parents/guardians of the emergency expulsion and of their opportunity for a hearing by:

- Hand-delivery of written notice within twenty-four hours of expulsion (school districts must document delivery of the notice by obtaining the signature of the student's parents/guardians acknowledging receipt or the written certification of the person making the delivery); OR
- Certified letter mailed within twenty-four hours of the expulsion (reasonable attempts to contact the parents/guardians by phone or in person will also be made as soon as reasonably possible).

The district's written and oral notice of emergency expulsion and opportunity for hearing will:

- Be provided in a language the student and/or a parent/guardian can understand, if other than English;
- Specify the alleged reasons that the student's presence poses an immediate and continuing danger to students, school staff, or poses an immediate and continuing threat of substantial disruption of the educational process.
- Set forth the date on which the emergency expulsion began and when it will end;

Appendices

- Set forth the right of the student and/or his or her parents/guardians to a hearing for purposes of contesting the allegations as soon as is reasonably possible; and
- Set forth the facts that:
 - A written or oral request for hearing must be received by a designated school employee or his or her office on or before the end of the third school business day after receipt of the notice of opportunity for hearing; AND
 - If the request is not received within three school business days, then the right to a hearing may be deemed waived and the emergency expulsion may be continued, if deemed necessary, for up to ten (10) school days from the date of the student's emergency expulsion from school without any further opportunity for the student or his or her parent/guardian to contest it.

As a best practice, the district should provide a schedule of school business days with the notice.

The student and/or his or her parents/guardians must request a hearing within three (3) school business days after receipt of the notice of opportunity for hearing. The request may be provided in writing or orally, but must be provided to the district employee specified in the notice or their office. If a request for hearing is not received within the required period, the district may deem the right to hearing waived and the emergency expulsion may be imposed for up to ten (10) school days from the date of the expulsion from school.

Prehearing and hearing

If a request for hearing is received within three (3) school business days after receipt of notice, the school district will immediately schedule and give notice of a hearing to commence as soon as reasonably possible and no later than the second school business day after receipt of the request for hearing.

The student and his/her parents/guardians have the right to:

- Be represented by legal counsel;
- Inspect in advance of the hearing any documentary and physical evidence that the district intends to introduce at hearing;
- Question and confront witnesses (see WAC 392-400-305 for procedure if a school district witness does not appear);
- Explain the alleged misconduct;
- Present relevant affidavits, exhibits, and witnesses.

The district and/or its representative have the right to inspect in advance of the hearing evidence that the student and his/her parents/guardians intend to introduce at the hearing.

The hearing will be conducted before a hearing officer appointed by the ESD 171 or Coulee Hartline School Board. Such hearing officer will not be a witness to the alleged conduct. Ideally, the individual selected to be the hearing officer will possess both district administration experience and/or legal training and/or prior experience conducting quasi-judicial hearings. Either a tape-recorded or verbatim record of the hearing will be made.

When students are charged with violating the same rule and have acted in concert and the facts are essentially the same for all students, a single hearing may be conducted for them if the hearing officer believes that the following conditions exist:

- A single hearing will not likely result in confusion; AND
- No student will have his/her interest substantially prejudiced by a group hearing.

If the hearing officer finds that during the hearing a student's interests will be substantially prejudiced by the group hearing, he/she may order a separate hearing for that student. The parent and student have the right to petition for an individual hearing.

The hearing officer will determine, based solely on the evidence presented at hearing, and set forth in his/her written decision:

- Findings of fact as to whether the student has been afforded appropriate procedural due process (e.g., notice, opportunity to inspect evidence prior to hearing);
- Findings of fact as to the alleged misconduct;
- A conclusion as to whether the student's immediate and continuing danger to students and/or school staff OR immediate and continuing threat of substantial disruption of the educational process giving rise to the emergency expulsion has terminated; AND
- A conclusion as to whether the emergency expulsion shall be converted to another form of corrective action or stand as imposed.

Appendices

Within one (1) school business day after the date upon which the hearing concludes, the hearing officer will issue the decision and the district will provide notice of such decision to the student and the student's parents/guardians and legal counsel, if any, by depositing a letter in certified U.S. mail.

If the hearing officer concludes in his/her decision that the emergency expulsion shall be converted to another form of corrective action, the district must provide notice of all due process rights to the student and parent/guardian for the appropriate corrective action. For appeals from a hearing officer decision regarding an emergency expulsion, see **Appeals of long-term suspension and expulsion**, below.

Long-term suspension

Conditions and limitations

Schools may not impose a long-term suspension unless the student's misconduct falls within one or more of the categories listed in this procedure above ("Suspension, Expulsions, and Discretionary Discipline"). If the student's behavior falls within one or more of such categories, a student may be long-term suspended for violation of school district rules provided that the long-term suspension does not exceed the length of an academic term as defined by the school board. A long-term suspension may not be imposed as a form of discretionary discipline, as defined in this procedure.

The nature and circumstances of the violation must reasonably warrant a long-term suspension. As a general rule, no student will be long-term suspended unless other forms of corrective action reasonably calculated to modify his/her conduct have previously been imposed upon the student as a consequence of misconduct of the same nature.

No student in grades kindergarten through fourth grade will be long-term suspended during any single semester or trimester and no loss of academic grades or credit will be imposed by reason of the suspension.

No student in fifth grade and above will be long-term suspended in a manner that causes the student to lose academic grades or credit for longer than one semester or trimester during the same school year.

The principal will notify special education staff of any long-term suspension to be imposed for a student who is currently eligible for special education services or those who might be deemed eligible for special education. To the extent that suspensions may cumulatively or consecutively exceed ten (10) days, the principal will notify relevant special education staff so that the district can ensure that special education discipline procedures are in place, in addition to general education discipline procedures.

Exceptional misconduct

A student may be long-term suspended for exceptional misconduct, other than absenteeism, when such misconduct is of such frequent occurrence or is so serious in nature and/or is so serious in terms of disruptive effect on the operation of the school that an immediate resort to a long-term suspension is warranted. In cases of exceptional misconduct, a long-term suspension may be imposed without first attempting alternative forms of corrective action. The superintendent, following consultation with a representative ad hoc citizens' committee, will recommend for board approval, the nature and extent of the corrective actions which may be imposed as a consequence of exceptional misconduct. (See Procedure 3240P). An exception may be granted by an administrator and/or hearing officer when warranted by extenuating circumstances.

Continuation of educational services

The district will not suspend the provision of educational services during a period of long-term suspension and will provide the student the opportunity to receive such services. Educational services may be provided in an alternative setting, provided that such setting is comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of a long-term suspension. Examples of alternative setting may include, but not be limited to, alternative schools or classrooms, one-on-one tutoring when available, and online learning.

Notice of hearing

Prior to imposing a long-term suspension, the district will provide the student and/or his/her parents/guardians a written notice of opportunity for hearing. The notice will be delivered in person or by certified mail. The notice will:

- Be provided in a language the student and his or her parents/guardians can understand, if other than English;
- Specify the alleged misconduct and the school district rule(s) alleged to have been violated;
- Set forth the proposed long-term suspension;
- Set forth the right to a hearing for the purpose of contesting the allegation(s); AND
- Set forth the facts that:
 - A written or oral request for hearing must be received by (*insert designated staff member*) or their office on or before the end of the third school business day after the notice is received; and

Appendices

- If such a request is not received within that period, the hearing will be deemed waived and the proposed long-term suspension may be imposed without further opportunity for the student and/or their parent/guardian to contest it.

As a best practice, the district should provide a schedule of school business days with the notice.

The student and/or his or her parents/guardians must request a hearing within three (3) school business days after receipt of the notice of opportunity for hearing. The request may be provided in writing or orally, but must be provided to the district employee specified in the notice or their office. If a request for hearing is not received within the required period, the district may deem the right to hearing waived and the long-term suspension may be imposed.

Pre-hearing and hearing

If a request for hearing is received within three (3) school business days after receipt of notice, the school district will schedule a hearing to begin within three (3) school business days after the date of receiving the request.

The student and parent/guardian have the right to:

- Be represented by legal counsel;
- Inspect in advance of the hearing any documentary and physical evidence that the district intends to introduce at hearing;
- Question and confront witnesses (see WAC 392-400-305 for procedure if a school district witness does not appear);
- Explain the alleged misconduct; and
- Present relevant affidavits, exhibits, and witnesses.

The district and/or its representative have the right to inspect in advance of the hearing evidence that the student and his/her parents/guardians intend to introduce at the hearing. Either a tape-recorded or verbatim record of the hearing will be made.

The hearing will be conducted before a hearing officer appointed by the ESD 171 or Coulee Hartline School Board. Such hearing officer will not be a witness to the alleged conduct. Ideally, the individual selected to be the hearing officer will possess both district administration experience and/or legal training and/or prior experience conducting administrative hearings.

When students are charged with violating the same rule and have acted in concert and the facts are essentially the same for all students, a single hearing may be conducted for them if the hearing officer believes that the following conditions exist:

- A single hearing will not likely result in confusion; AND
- No student will have his/her interest substantially prejudiced by a group hearing.

If the hearing officer finds that during the hearing a student's interests will be substantially prejudiced by the group hearing, he/she may order a separate hearing for that student. The parent and student have the right to petition for an individual hearing.

The hearing officer will determine, based solely on the evidence presented at hearing, and set forth in his/her written decision:

- Findings of fact as to whether the student has been afforded appropriate procedural due process (e.g., notice, opportunity to inspect evidence prior to hearing);
- Findings of fact as to the alleged misconduct; AND
- A conclusion as to whether the nature and duration of the proposed long-term suspension is appropriate or whether a lesser form of corrective action should be imposed.

The hearing officer will issue the decision and the district will provide notice of such decision to the student's legal counsel, or, if none, to the student's and his/her parents/guardians.

If the hearing officer decides that a long-term suspension is appropriate, the parent/guardian and student will have the right to appeal that decision to the school board or school district disciplinary appeal council by filing a written or oral notice of appeal at the office of the superintendent or the hearing officer within three (3) school business days after the date of receipt of the decision.

If a timely notice of appeal is not provided to the district, the long-term suspension may be imposed as of the calendar day following expiration of the three (3) school business day period (see **Appeal Process for Long-Term Suspension or Expulsion**, below).

Appendices

Readmission

Any student who has been long-term suspended will be allowed to make application for readmission at any time in accordance with district policy and procedure. (See also **Readmission Application Process**, below)

Reporting

Principals will report all long-term suspensions and the reasons therefor to the superintendent or designee within twenty-four (24) hours after the imposing the expulsion.

Expulsion

Conditions and limitations

Schools may not expel a student unless the student's misconduct falls within one or more of the categories listed in this procedure above ("Suspension, Expulsions, and Discretionary Discipline"). If the student's behavior falls within one or more of such categories, a student may be expelled for a violation of school district rules, provided that the expulsion does not exceed the length of an academic term as defined by the school board. An emergency expulsion may not be imposed as a form of discretionary discipline, as defined in this procedure.

The nature and circumstances of the alleged violation must reasonably warrant the harshness of expulsion. No student will be expelled unless other forms of corrective action reasonably calculated to modify his or her conduct have failed or there is good reason to believe that other forms of corrective action would fail if used.

The district will make reasonable efforts to assist students in returning to an educational setting prior to, and no later than, the end date of the expulsion.

An expulsion may not exceed the length of the academic term unless:

- The school petitions the superintendent for an extension; AND
- The superintendent authorizes the extension in compliance with the superintendent of public instruction's rules adopted for this purpose (see **Petition for extension of expulsion** below).

Once a student is expelled in compliance with district policy, the expulsion will be brought to the attention of appropriate local and state authorities, including, but not limited to, juvenile authorities acting pursuant to the Basic Juvenile Court Act, so that such authorities may address the student's educational needs.

Any elementary or secondary school student who is determined to have carried a firearm onto, or to have possessed a firearm on, public elementary or secondary school premises, public school-provided transportation, or areas of facilities while being used exclusively by public schools, will be expelled from school for not less than one calendar year pursuant to RCW 28A.600.420 with notification to parents/guardians and law enforcement. The superintendent may modify the expulsion of a student on a case-by-case basis.

Continuation of educational services

The district will not suspend the provision of educational services during a period of expulsion and will provide the student the opportunity to receive such services. Educational services may be provided in an alternative setting, provided that such setting is comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of an expulsion. Examples of alternative setting may include, but not be limited to, alternative schools or classrooms, one-on-one tutoring when available, and online learning.

Notice of hearing

Prior to the expulsion of a student, the district will provide the student and/or his/her parents/guardians a written notice of opportunity for hearing. The notice will be delivered in person or by certified mail. The notice will:

- Be provided in a language the student and his or her parents/guardians can understand, if other than English;
- Specify the alleged misconduct and the school district rule(s) alleged to have been violated;
- Set forth the proposed expulsion;
- Set forth the right to a hearing for the purpose of contesting the allegation(s); AND
- Set forth the facts that:
 - A written or oral request for hearing must be received by (*insert designated staff member*) or their office on or before the end of the third school business day after the notice is received; and
 - If such a request is not received within that period, the hearing will be deemed waived and the proposed long-term suspension may be imposed without further opportunity for the student and/or their parent/guardian to contest it.

Prehearing and hearing

If a request for hearing is received within three (3) school business days after receipt of notice, the school district will schedule a hearing to begin within three (3) school business days after the date of receiving the request.

Appendices

The student and parent/guardian have the right to:

- Be represented by legal counsel;
- Inspect in advance of the hearing any documentary and physical evidence that the district intends to introduce at hearing;
- Question and confront witnesses (see WAC 392-400-305 for procedure if a school district witness does not appear);
- Explain the alleged misconduct;
- Present relevant affidavits, exhibits, and witnesses.

The district and/or its representative have the right to inspect in advance of the hearing evidence that the student and his/her parents/guardians intend to introduce at the hearing. Either a tape-recorded or verbatim record of the hearing will be made.

The hearing will be conducted before a hearing officer appointed by the ESD 171 or Coulee Hartline School Board. Such hearing officer will not be a witness to the alleged conduct. Ideally, the individual selected to be the hearing officer will possess both district administration experience and/or legal training and/or prior experience conducting quasi-judicial hearings.

The hearing is a quasi-judicial process exempt from the Open Public Meetings Act (OPMA). To protect the privacy of student(s) and others involved, the hearing will be held without public notice and without public access unless the student(s) and/or the parent(s)/guardian(s) or their counsel requests an open hearing. Regardless of whether the hearing is open or closed, the district will comply with the Family Educational Rights and Privacy Act (FERPA) in regard to confidentiality of student education records.

When students are charged with violating the same rule and have acted in concert and the facts are essentially the same for all students, a single hearing may be conducted for them if the hearing officer believes that the following conditions exist:

- A single hearing will not likely result in confusion; AND
- No student will have his/her interest substantially prejudiced by a group hearing.

If the hearing officer finds that during the hearing a student's interests will be substantially prejudiced by the group hearing, he/she may order a separate hearing for that student. The parent and student have the right to petition for an individual hearing.

The hearing officer will determine, based solely on the evidence presented at hearing, and set forth in his/her written decision:

- Findings of fact as to whether the student has been afforded appropriate procedural due process (e.g., notice, opportunity to inspect evidence prior to hearing);
- Findings of fact as to the alleged misconduct; AND
- A conclusion as to whether the expulsion is appropriate OR whether a lesser form of corrective action should be imposed.

The hearing officer will issue the decision and the district will provide notice of such decision to the student's legal counsel, or, if none, to the student's and his/her parents/guardians.

The student and parent/guardian will have the right to appeal the hearing officer's decision to the school board or school district disciplinary appeal council by filing a written or oral notice of appeal at the office of the superintendent or the hearing officer within three (3) school business days after the date of receipt of the decision. If a timely notice of appeal is not provided to the district, the expulsion may be imposed as of the calendar day following expiration of the three (3) school business day period.

If a timely notice of appeal is received, see **Appeal Process for Long-Term Suspension or Expulsion**, below.

Readmission

Any student who has been expelled will be allowed to make application for readmission at any time in accordance with district policy and procedure. (See also **Readmission Application Process**, below)

Reporting

Principals will report all long-term suspensions and the reasons therefor to the superintendent or designee within twenty-four (24) hours after the imposing the expulsion.

Petition for extension of expulsion

Appendices

The principal or designee may petition the superintendent for authorization to exceed the length of one academic term for a student's expulsion when warranted because of a perceived risk to public health and safety. The petition may be submitted any time after final imposition of the expulsion and prior to the end of the expulsion. The petition will include:

- A detailed description of the student's misconduct, the school rules that were violated, and the public health or safety concerns of the district;
- A detailed description of the student's academic, attendance and discipline history, if any;
- A description of the lesser forms of corrective action that were considered and the reasons why they were rejected;
- A description of all alternative learning experiences, vocational programs and/or other educational services that may be available to the student;
- The proposed extended length of the expulsion;
- Identification of special education services or accommodations pursuant to Section 504 of the Rehabilitation Act of 1973, if appropriate;
- A proposed date for the reengagement meeting.

A copy of the petition will be delivered in person or by certified mail to the student and his/her parents/guardians in a language they can understand, if other than English, if feasible. The student and/or parents/guardians may submit a written or oral response to the petition within ten (10) school business days of receipt of the petition.

Within eleven (11) school business days, but no later than twenty (20) school business days from delivery of the petition to the student and parent/guardians, the superintendent will issue a written decision granting or denying the petition. The superintendent, in his/her discretion, may grant the petition if evidence exists that if a student was to return at or before one calendar year, he/she would pose a risk to public health or safety. The written decision will include a description of rights and procedures for appeal.

The student and/or parents/guardians may appeal the decision within ten (10) school business days of receipt of the decision to the school board.

The district will report the number of petitions submitted, approved and denied to the office of the superintendent of public instruction annually.

Board option to delegate authority to hear appeals

The board may delegate its authority to hear and decide long-term suspension and expulsion appeals to a school district disciplinary appeal council established by the board. Members of such councils will be appointed by the board for fixed terms and shall consist of no less than three persons. If such a council is established, the student and/or his/her parents/guardians have the right to appeal the hearing officer decision to the board or the disciplinary appeal council.

Appeal process for long-term suspension and expulsion

If a timely notice of appeal is received, the long-term suspension or expulsion may be imposed during the appeal period if:

- The long-term suspension or **nonemergency** expulsion is imposed for no more than ten (10) consecutive days or until the appeal is decided, whichever is the shortest period.
- Any days that the student is suspended or expelled before the appeal is decided are applied to the term of suspension or expulsion and will not limit or extend the term of the suspension or extend the term of suspension or expulsion; and
- A suspended student who returns to school before the appeal is decided will be provided the opportunity upon return to make up assignments and tests missed by reason of suspension if:
 - Such assignments or tests have a substantial effect on the student's semester or trimester grade or grades; OR
 - Failure to complete such assignment or tests would result in denial of course credit.

The board will schedule and hold a meeting to informally review the matter within ten (10) school business days from receipt of such appeal. The purpose of the meeting will be to confer with the parties in order to decide upon the most appropriate means of handling the appeal. At that time the student, parent/guardian, and/or counsel will be given the right to be heard and will be granted the opportunity to present such witnesses and testimony as the board deems reasonable.

Prior to adjournment, the board will agree to one of the following procedures:

- Study the hearing record or other materials submitted and record its findings within ten (10) school business days; OR
- Schedule and hold a special meeting to hear further arguments on the case and record its findings within fifteen (15) school business days; OR
- Hear and try the case de novo before the board within ten (10) school business days.

Any decision by the board to impose or to affirm, reverse or modify the imposition of suspension or expulsion upon a student will be made only by:

- Those board members who have heard or read the evidence;

Appendices

- Those board members who have not acted as a witness in the matter; AND
- A majority vote at a meeting at which a quorum of the board is present.

Within thirty (30) days of receipt of the board's final decision, any parent and student desiring to appeal any action upon the part of the board regarding the suspension or expulsion may serve a notice of appeal upon the board and file such notice with the Superior Court Clerk of the County.

Reengagement Meeting and Plan

The district must convene a reengagement meeting with the student and their parent(s)/guardian(s) within twenty (20) days of a long-term suspension or expulsion but no later than five (5) days before the student's reentry or reenrollment to school.

The district must create a plan tailored to the student's individual circumstances that includes consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the suspension or expulsion. Additionally, the district will take reasonable steps to develop the plan with the participation and input of the student and their parent(s)/guardian(s) to ensure that it is culturally sensitive and culturally responsive.

In developing the reengagement plan, the district should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate.

A reengagement meeting conducted by the district involving the student and his/her parents/guardians is not intended to replace a petition for readmission.

Readmission Application Process

Any student who has been suspended or expelled will be allowed to make application for readmission at any time. If a student desires to be readmitted to the school from which he/she has been suspended/ expelled, the student will submit a written application to the principal, who will recommend admission or non-admission. If a student wishes admission to another school, he/she will submit the written application to the superintendent. The application will include:

- Reasons the student wants to return and why the request should be considered;
- Evidence which supports the request; AND
- A supporting statement from the parent or others who may have assisted the student.

The superintendent will advise the student and parent/guardian of the decision within seven (7) school days of the receipt of such application.

Progressive Discipline Plan

DISCIPLINE STATEMENT

Teacher and administrative corrective action when dealing with student discipline takes into account the student's behavior record. Records are maintained on disciplinary actions throughout each student's years at Coulee City School. Repeated offenses will lead to more severe disciplinary action. (WAC 180-40-245-2) Students may be suspended without previous forms of corrective action for any violation of severe misconduct rules listed if the violation is serious in nature and/or is disruptive to the educational environment of the school.(WAC 180-40-260-2)

In our effort to develop responsible citizens and maintain an environment for learning, consistency from parents and staff in teaching students to follow school expectations is important. Please discuss with your child the need for good behavior and a good attitude. Consequences for students who choose not to follow school rules or procedures will be progressive and are intended to match the behavior. Depending upon the infraction, consequences could include:

- Warning
- Verbal correction or apology
- Conference with the teacher
- Conference with principal or counselor
- Action plan/discipline plan
- Time out in classroom or office
- Detention
- Parent contact
- Parent Conference
- Report to proper authorities (police, court, probation officer)
- In or out of school suspension
- Expulsion
- Other action appropriate to the infraction

** A student suspended or expelled for any reason may not participate in any school-sponsored activity during the suspension period and he/she is not to be on any ACH property without specific permission from the principal.

Miscellaneous Information

The principal or vice principal may deny any student the right to participate in a field trip if he/she believes the student is likely to behave inappropriately.

Appendices

Misconduct

Certain behaviors are considered to have serious negative impact on the school climate and order. These behaviors interfere to such a degree that the student will be immediately referred to a building administrator for appropriate consequences, which may include a referral to the local law enforcement agency. The following acts or omissions by a student while on school property, while traveling to or from school, or at any school-sponsored activity or event off school property, are prohibited and shall constitute cause for discipline, suspension, or expulsion by authorized school district authorities:

1. Fighting or assault: Hitting, kicking, or striking another individual.
2. Use or possession of tobacco or any tobacco product.
3. Use or possession of drugs, alcohol or drug related paraphernalia. Possession of substances represented to be drugs, alcohol or tobacco will be treated as if they were "authentic".
4. Theft or possession of stolen property; destruction of school/personal property, including vandalism
5. Use, threat or possession of explosives, fireworks or look alike products or related materials, including bomb threats or false fire alarms.
6. Possessing or displaying weapons or look alike weapons.
7. Harassment occurring on school grounds at any time or off school grounds at a school activity:

Student Conduct Expectations and Reasonable Sanctions

The board acknowledges that conduct and behavior is closely associated with learning. An effective instructional program requires a wholesome and orderly school environment. The board requires that each student adhere to the rules of conduct and submit to corrective action taken as a result of conduct violations. The rules of conduct are applicable during the school day as well as during any school activity conducted on or off campus. Special rules are also applicable while riding on a school bus.

Students are expected to:

- A. Respect the rights, person and property of others;
- B. Pursue the required course of study;
- C. Preserve the degree of order necessary for a positive climate for learning; and
- D. Comply with district rules and regulations;
- E. Submit to the authority of staff and reasonable discipline imposed by school employees and respond accordingly.

The superintendent has developed written rules of conduct which will carry out the intent of the board and establish procedures necessary to implement this policy. These procedures (Coulee Hartline Board Policy 3240P) are available upon request.

NOTICE TO STUDENTS AND PARENTS REQUIRED BY FEDERAL DRUG-FREE SCHOOLS AND COMMUNITIES ACT OF 1989:

The Coulee-Hartline School District prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students on school premises or as a part of school activities as outlined in District Policy 3242. A student in possession of substances represented to be drugs, alcohol or tobacco will be treated as if they were "authentic". Compliance with this rule is mandatory; students who disregard the prohibition will face the consequences as outlined. The use of illegal drugs and the unlawful possession and use of alcohol is wrong and harmful to health and education. The district can assist in arranging access to drug and alcohol entry programs; for further information contact your school principal.

POSSESSION OR USE OF DRUGS AND/OR ALCOHOLIC BEVERAGES/ POSSESSION OF PARAPHERNALIA (Board Policy 3242)

In accordance with WAC 180-40-262(2), the Coulee Hartline School district has established that the following behaviors constitute exceptional misconduct:

Possession, use of, or impairment by alcoholic beverages, illegal drugs, controlled substances or nonprescription drugs while on school premises or at school sponsored events. Possession or use of paraphernalia intended for storage, use or distribution of the above listed drugs/alcohol while on school premises or at school sponsored events. Attendance at school or school sponsored events following an on or off campus consumption or use of the above listed alcohol drugs.

Prior to assessing a student for impairment using DITEP (Drug Impairment Training by Educational Professionals) trained assessors, the administrator will notify the parent/guardian and the student.

USE OF TOBACCO ON SCHOOL PROPERTY (Board Policy 4215)

The board of directors recognizes that to protect students from exposure to the addictive substance of nicotine, employees and officers of the school district, and all members of the community, have an obligation as role models to refrain from tobacco use on school property at all times.

Any use of tobacco products by staff, students, visitors and community members shall be prohibited on school district property. Possession or distribution of tobacco products by minors is prohibited. This shall include all district buildings, grounds and district-owned vehicles.

Notices advising students, district employees and community members of this policy shall be posted in appropriate locations in all district buildings and at other district facilities as determined by the superintendent and shall be included in the employee and student handbooks. Employees and students are subject to discipline for violations of this policy, and school district employees are responsible for the enforcement of the policy.

DRUG-FREE SCHOOLS, COMMUNITY AND WORKPLACE (Board Policy 5201)

The board has an obligation to staff, students and citizens to take reasonable steps to assure safety in the workplace and to provide safety and high quality performance for the students that the staff serves.

"Workplace" is defined to mean the site for the performance of work done in connection with a federal grant. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district where work on a federal grant is performed.

For these purposes, the board declares that the following behaviors will not be tolerated:

Appendices

- A. Reporting to work under the influence of alcohol, illegal chemical substances or opiates.
- B. Using, possessing, transmitting alcohol, illegal chemical substances (including anabolic steroids) or opiates in any amount or in any manner on district property at any time. Any staff member convicted of a felony attributable to the use, possession, or sale of illegal chemical substances or opiates will be subject to disciplinary action, including immediate termination.
- C. Using district property or the staff member's position within the district to make or traffic alcohol, illegal chemical substances or opiates.
- D. Using, possessing or transmitting illegal chemical substances and opiates in a manner which is detrimental to the interest of the district.

Any staff member who is taking a drug or medication whether or not prescribed by the staff member's physician, which may adversely affect that staff member's ability to perform work in a safe or productive manner is required to report such use of medication to his or her supervisor. This includes drugs which are known or advertised as possibly affecting judgment, coordination, or any of the senses, including those which may cause drowsiness or dizziness. The supervisor in conjunction with the district office then will determine whether the staff member can remain at work and whether any work restrictions will be necessary.

As a condition of employment, each employee shall notify his or her supervisor of a conviction under any criminal drug statute violation occurring in the workplace as defined above. Such notification shall be provided no later than 5 days after such conviction. The district shall inform the federal government within ten days of such conviction, regardless of the source of the information.

Each employee shall be notified of the district's policy and procedures regarding employee drug activity at work. Any staff member who violates any aspect of this policy may be subject to disciplinary action, which may include immediate discharge. As a condition of eligibility for reinstatement, an employee may be required to satisfactorily complete a drug rehabilitation or treatment program approved by the board, at the employee's expense. Nothing in this policy shall be construed to guarantee reinstatement of any employee who violates this policy, nor does the school district incur any financial obligation for treatment or rehabilitation ordered as a condition of eligibility for reinstatement.

Other actions such as notification of law enforcement agencies may be taken in regard to a staff member violating this policy at the district's discretion as it deems appropriate.

REGULATION OF DANGEROUS WEAPONS ON SCHOOL PREMISES (Board Policy 4210)

It is a violation of district policy and state law for any person to carry a firearm or dangerous weapon on school premises, school-provided transportation or areas of other facilities being used exclusively for school activities.

The superintendent is directed to see that all school facilities post "Gun-Free Zone" signs, and that all violations of this policy and RCW 9.41.280 are reported annually to the Superintendent of Public Instruction.

The following persons may carry firearms into school buildings, as necessary, although students engaged in these activities are restricted to the possession of rifles on school premises:

- A. Persons engaged in military, law enforcement, or school district security activities;
- B. Persons involved in a school authorized convention, showing, demonstration, lecture or firearm safety course;
- C. Persons competing in school authorized firearm or air gun competitions; and
- D. Any federal, state or local law enforcement officer.

The following persons over eighteen years of age and not enrolled as students may have firearms in their possession on school property outside of school buildings:

- A. Persons with concealed weapons permits issued pursuant to RCW 9.41.070 who are picking up or dropping off students; and
- B. Persons conducting legitimate business at the school and in lawful possession of a firearm or dangerous weapon if the weapon is secured within an attended vehicle, is unloaded and secured in a vehicle, or is concealed from view in a locked, unattended vehicle.

Appendices

Persons may bring dangerous weapons, other than firearms, onto school premises if the weapons are lawfully within the person's possession and are to be used in a school-authorized martial arts class.

Persons over eighteen years of age, and persons between fourteen and eighteen years of age with written parental or guardian permission, may possess personal protection spray devices on school property. No one under eighteen years of age may deliver such devices. No one eighteen years or older may deliver a spray device to anyone under fourteen, or to anyone between fourteen and eighteen who does not have parental permission.

Personal protection spray devices may not be used other than in self-defense as defined by state law.

Possession, transmission or use of personal protection spray devices under any other circumstances is a violation of district policy.

School officials will promptly notify the student's parents or guardians and the appropriate law enforcement agency of known or suspected violations of this policy. Students who violate this policy will be subject to discipline, including a one-year expulsion for a violation involving a firearm. However, the superintendent may modify the one-year expulsion on a case-by-case basis.

NOTIFICATION OF THREATS OF VIOLENCE OR HARM (Board Policy 4314)

Students and school employees who are subjects of threats of violence or harm shall be notified of the threats in a timely manner. Parents shall be included in notifications to students who are subjects of threats of violence or harm. Timing and details of the notice will be as extensive as permitted by the federal Family Educational Rights and Privacy Act, other legal limitations, and the circumstances.

Individual-directed threats of violence or harm are communications that create fear of physical harm to a specific individual or individuals, communicated directly or indirectly by any means.

Building-directed threats of violence or harm are direct or indirect communications by any means of the intent to cause damage to a school building or school property (e.g., bomb threats), or to harm students, employees, volunteers, patrons or visitors.

The district will address threats of violence or harm in a manner consistent with the district's safety policies and comprehensive safe school plans.

Persons found to have made threats of violence or harm against district property, students, employees or others will be subject to relevant district discipline policies and will be referred to appropriate community agencies including law enforcement and mental health services. District staff shall work with in-district and community-based professionals and services in all relevant disciplines to address threats of violence or harm, those threatened and those making the threats. Necessary information about the person making the threat shall be communicated by the principal to teachers and staff, including security personnel.

State law provides the district, school district directors and district staff with immunity from liability for providing notice of threats in good faith. Persons who make a knowingly false notification of a threat are subject to appropriate district discipline policies and may be referred for prosecution.

The superintendent is directed to develop and implement procedures consistent with this policy.

PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING (Policy 3207)

The district is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and patrons that is free from harassment, intimidation or bullying. "Harassment, intimidation or bullying" means any intentionally written message or image — including those that are electronically transmitted — verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability or other distinguishing characteristics, when an act:

- Physically harms a student or damages the student's property.
- Has the effect of substantially interfering with a student's education.
- Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment.
- Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

"Other distinguishing characteristics" can include but are not limited to: physical appearance, clothing or other apparel, socioeconomic status and weight.

Appendices

“Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s).

Behaviors/Expressions

Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

Training

This policy is a component of the district’s responsibility to create and maintain a safe, civil, respectful and inclusive learning community and shall be implemented in conjunction with comprehensive training of staff and volunteers.

Prevention

The district will provide students with strategies aimed at preventing harassment, intimidation and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement and other community agencies.

Interventions

Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the perpetrator, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

Retaliation/False Allegations

Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying.

It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Compliance Officer

The superintendent will appoint a compliance officer as the primary district contact to receive copies of all formal and informal complaints and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district.

The superintendent is authorized to direct the implementation of procedures addressing the elements of this

NONDISCRIMINATION (School Board Policy 3210)

The district will provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without discrimination based on race, religion, creed, color, national origin, age, honorably-discharged veteran or military status, sex, sexual orientation, gender expression or identity, marital status, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability. The district will provide equal access to school facilities to the Boy Scouts of America and all other designated youth groups listed in Title 36 of the United States Code as a patriotic society. District programs will be free from sexual harassment. Auxiliary aids and services will be provided upon request to individuals with disabilities.

Conduct against any student that is based on one of the categories listed above that is sufficiently severe, persistent or pervasive as to limit or deny the student’s ability to participate in or benefit from the district’s course offerings; educational programming or any activity will not be tolerated. When a district employee knows, or reasonably should know, that such discriminatory harassment is occurring or has occurred, the district will take prompt and effective steps reasonably calculated to end the harassment, prevent its recurrence and remedy its effects.

Appendices

The district's nondiscrimination statement will be included in all written announcements, notices, recruitment materials, employment applications, and other publications made available to all students, parents, or employees. The statement will include: 1) notice that the district will not discriminate in any programs or activities on the basis of any of the above-listed categories; 2) the name and contact information of the district's compliance officer designated to ensure compliance with this policy; and 3) the names and contact information of the district's Section 504 and Title IX compliance officers.

The district will annually publish notice reasonably calculated to inform students, students' parents/guardians (in a language that they can understand, which may require language assistance), and employees of the district's discrimination complaint procedure.

The superintendent will designate a staff member to serve as the compliance officer for this policy. The compliance officer will be responsible for investigating any discrimination complaints communicated to the district.

The district will provide training to administrators and certificated and classroom personnel regarding their responsibilities under this policy and to raise awareness of and eliminate bias and discrimination based on the protected classes identified in this policy.

NONDISCRIMINATION AND AFFIRMATIVE ACTION (School Board Policy 5010)

Nondiscrimination

The district will provide equal employment opportunity and treatment for all applicants and staff in recruitment, hiring, retention, assignment, transfer, promotion and training. Such equal employment opportunity will be provided without discrimination with respect to race, creed, religion, color, national origin, age, honorably-discharged veteran or military status, sex, sexual orientation including gender expression or identity, marital status, the presence of any sensory, mental or physical disability or the use of a trained dog guide or service animal by a person with a disability.

The board will designate a staff member to serve as the compliance officer.

Affirmative Action

The district, as a recipient of public funds, is committed to undertake affirmative action which will make effective equal employment opportunities for staff and applicants for employment. Such affirmative action will include a review of programs, the setting of goals and the implementation of corrective employment procedures to increase the ratio of aged, persons with disabilities, ethnic minorities, women, and Vietnam veterans who are under-represented in the job classifications in relationship to the availability of such persons having requisite qualifications. Affirmative action plans may not include hiring or employment preferences based on gender or race, including color, ethnicity or national origin. Such affirmative action will also include recruitment, selection, training, education and other programs.

The superintendent will develop an affirmative action plan which specifies the personnel procedures to be followed by the staff of the district and will ensure that no such procedures discriminate against any individual. Reasonable steps will be taken to promote employment opportunities of those classes that are recognized as protected groups — aged, persons with disabilities, ethnic minorities and women and Vietnam veterans, although under state law, racial minorities, and women may not be treated preferentially in public employment.

This policy, as well as the affirmative action plan, regulations and procedures developed according to it, will be disseminated widely to staff in all classifications and to all interested patrons and organizations. Progress toward the goals established under this policy will be reported annually to the board.

Employment of Persons with Disabilities

In order to fulfill its commitment of nondiscrimination to those with disabilities, the following conditions will prevail:

- A. No qualified person with disabilities will, solely by reason of a disability, be subjected to discrimination and the district will not limit, segregate or classify any applicants for employment or any staff member in any way that adversely affects his/her opportunities or status because of a disability. This prohibition applies to all aspects of employment from recruitment to promotions, and includes fringe benefits and other elements of compensation.

Appendices

- B. The district will make reasonable accommodation to the known physical or mental limitations of an otherwise qualified disabled applicant or staff member unless it is clear that an accommodation would impose an undue hardship on the operation of the district program. Such reasonable accommodations may include:
1. Making facilities used by staff readily accessible and usable by persons with disabilities; and
 2. Job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters and other similar actions.

In determining whether or not accommodation would impose an undue hardship on the district, factors to be considered include the nature and cost of the accommodation.

- C. The district will not make use of any employment test or criteria that screens out persons with disabilities unless:
1. The test or criteria is clearly and specifically job-related; and
 2. Alternative tests or criteria that do not screen out persons with disabilities are available.
- D. While the district may not make pre-employment inquiry as to whether an applicant has a disability or as to the nature and severity of any such disability, it may inquire into an applicant's ability to perform job-related functions.
- E. Any staff member who believes that there has been a violation of this policy or the law prohibiting discrimination because of a disability may initiate a grievance through the procedures for staff complaints.

Nondiscrimination for Military Service

The district will not discriminate against any person who is a member of, applies to be a member or performs, has performed, applies to perform or has an obligation to perform service in a uniformed service, on the basis of that participation in a uniformed service. This includes initial employment, retention in employment, promotion or any benefit of employment. The district will also not discriminate against any person who has participated in the enforcement of these rights under state or federal law.

SEXUAL HARASSMENT (SCHOOL BOARD POLICY 6590)

This district is committed to a positive and productive education and working environment free from discrimination, including sexual harassment. The district prohibits sexual harassment of students, employees and others involved in school district activities.

Sexual harassment occurs when:

Submitting to the harasser's sexual demands is a stated or implied condition of obtaining an education or work opportunity or other benefit;

Submission to or rejection of sexual demands is a factor in an academic, work or other school-related decision affecting an individual; or

Unwelcome sexual or gender-directed conduct or communication interferes with an individual's performance or creates an intimidating, hostile or offensive environment.

Sexual harassment can occur adult to student, student to adult, student to student, adult to adult, male to female, female to male, male to male and female to female.

The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Persons found to have been subjected to sexual harassment will have appropriate school district services made reasonably available to them and adverse consequences of the harassment shall be reviewed and remedied, as appropriate.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff and contractors. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Appendices

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

The superintendent shall develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy. All staff are responsible for receiving informal complaints and reports of sexual harassment and informing appropriate district personnel of the complaint or report for investigation and resolution. All staff are also responsible for directing complainants to the formal complaint process.

The superintendent shall develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment recognition and prevention and the elements of this policy will be included in staff, student and regular volunteer orientation. This policy shall be posted in each district building in a place available to staff, students, parents, volunteers and visitors.

SEXUAL HARASSMENT of Students Prohibited (SCHOOL BOARD POLICY 3205)

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Under federal and state law, the term “sexual harassment” may include:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual’s educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.

A “hostile environment” has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student’s ability to participate in or benefit from the school’s program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or formally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an

Appendices

ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment recognition and prevention and the elements of this policy will be included in staff, student and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy Review

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, students, volunteers and parents in the review process.
